COAL AGE

With Which Is Consolidated
The "Colliery Engineer" and "Mines and Minerals"

INDEX TO VOLUME XXXVIII

January to December, 1933

NOTE—The articles and references in this index have been classified under leading subjects or topics, as far as practicable, and should be sought under such heads, which, together with all unclassified matter, are arranged alphabetically. Illustrated articles, or cuts standing by themselves are indicated by an asterisk (*). The subject matter of editorials will be found classified under the subject with which they deal and marked (e). Many titles of articles are abbreviated, the aim being to give prominence to important words.

Following is a list of the pages included in each issue of the volume, together with date and number of the issue, for convenience of reference:

	Pages
January	1-32
February	33-74
March	75-108
April	109-140
May	141-172
June	173-220
July	221-252
August	253-290
September	291-324
October	325-360
November	361-394
December	395-434

A

Accidents
Explains why high voltage is not always fatal ... 424
Explosions kill 91 miners ... 29
Monthly fatality reports....30, 72, 106, 138, 218, 250, 288, 321, 432
Moweaqua blast caused by gas ... 72
Oakmont blast kills seven ... 321
Accounting. See Management.
Agricultural use of coal. See Utilization.

Alabama Mining Institute
Officers elected ... 29

American Institute of Mining & Metallurgical Engineers
Annual meeting discusses economic and technical problems ... 94
Coal Division and Ohio Section meet at Columbus ... *374
Officers nominated ... 385

American Mining Congress
Annual convention, practical coal operating men at Pittsburgh ... *196
Coal Division personnel ... 70
National Exposition of Mining Equipment, Pittsburgh ... 206
Stabilization and mineral industry featured at meeting ... 15

American Wholesale Coal Assn.
Reorganized ... 321

Anthracite
Bigger than industry ... e395
Cost-cutting efforts in 1932, annual review ... *41
Equipment standards accepted by Bureau of Standards ... 353
Prices cut ... 220
Production, monthly....69, 103, 168, 247, 278, 313, 352, 388, 425
Skillful planning opens way to profitable operation. J. H. Pierce 38, 87
Takes dealer into partnership. I. A. Given 82, 121
Trenton boosts anthracite by sale of automatic equipment through central agency ... 195
Wage arbitration fails ... 104
Anthracite Club of New York—meeting.. 71
Anthracite gas machine ... 28

Anthracite Institute
Equipment standards accepted by Bureau of Standards ... 353

B

Backfilling permits pillar recovery without disturbing surface. H. A. Dierke....*255

Belgium
Mining vertical seams by longwall. F. C. Cornet ... *125
Big Sandy-Elkhorn Coal Assn.—organized. 349

Blasting
Angle short for blasting ... *26
Care in stemming (e) ... 174
Cartridges inclosed in tube prevents misfires ... 213
Detonator and leads arranged to reduce misfires ... *213
How blow out shots by reflected waves cause ignition of firedamp. D. B. Gawthrop ... *414
Safety detonator box ... *102
Safety shotfiring device ... *214
Safety shotfiring methods at Columbia Steel Co. ... 422
Safety shotfiring system ... *66
Shotfiring, position of primer ... *101
Tracing stray detonators ... *131
Book reviews.....22, 99, 129, 243, 273, 309, 345, 381, 421

Bureau of Mines
Explosives approved ... 315
Granted funds for improvements ... 429
Oppose shift to other department ... 105
Permissible plates issued....70, 104, 316, 431

C

Cable coiling, collapsible reel ... *165

Canada
Novia Scotia operators would restrict imports ... 104
Use of coal for coke making purposes.. 320

Central Pennsylvania Coal Producers' Assn.
Officers elected ... 71

Chesapeake & Ohio Ry. Co.
Mechanical loading experience ... 162
Record system forestalls breakdowns and reduces maintenance cost ... 276
Welding for broken bumpers ... *347
Chlorine in coal (e) ... 254
Classification ... 385
Classification committee, new ... 106

Coal
Coal and beer (e) ... 110
Consumption by public utilities in 1929. W. H. Young ... *19

Coal Age
Historical summary ... 29
Twenty-second annual review and progress number ... February
Coal, bituminous
Production, monthly....69, 103, 168, 247, 278, 313, 352, 388, 425
Coal Club of Philadelphia—meeting.... 71

Coal Mining Institute of America
Safety below! theme of meeting ... *12
Coal tar boosted for roads ... 389

Codes
Activity in various fields in June.... 247
Anthracite code hearings featured by demand for equalization and higher wages 426
Anthracite code submitted ... 386
Anthracite code text ... 386
Anthracite coal text—extend date of scrip clause ... 431
Behind the scenes ... 328
Bituminous coal code adopted.... 327
Bituminous coal code text ... 350
Bituminous code organization completed; presidential appointees named.... 428
Bituminous coal organizes for code operation ... 390
Bituminous coal prepares for code hearings ... 279
Bituminous divisional and subdivisional code authority personnel ... 390
Code making (e) ... 292
Indiana files ... 248
Management freed by wage and price stabilization (e) ... 325
"Model" code adopted at Chicago.... 234
National Recovery Administration organizes for the future ... 391
NRA code making for bituminous industry enters "final" stages ... 293
Retail code restricts scrip ... 385
Retail solid fuel code filed ... 385
Retailers, wholesalers and dock operators codes have hearings ... 432
Safety equipment code submitted.... 354
Summary of principal provisions in proposed codes of fair competition.... 280
Teeth ... e395
Under the blue eagle (e) ... 325
Union operators meet with United Mine Workers to draw up code.... 247
Wanted for entire bituminous industry (e) ... 221

Coal Trade Assn of Indiana
Officers elected ... 432

Colorado & New Mexico Coal Operators' Assn.
Officers elected ... 287

Combustion
Heats by radiance (e) ... 110
Where the furnace heat goes (e) 34
Compressed air and compressors
Loading coal with compressed air at Ehrenfeld. A. L. Hunt ... *155

Conveyors
Compressed air for loading used at Ehrenfeld. A. L. Hunt ... *155
Five years proves value at Chauncey Colliery ... 150
Price-Pancoast collierey's conveyor mining. I. A. Given ... *3
Retarding device for conveyor chutes... *423
Thin seams no obstacle to C.B.C.'s mechanization ... *143
Weak and heavy top makes conveyor longwall imperative. S. C. Mifflen... *223
Corrosion
What metals to use in anthracite-breaker chutes. Keene & McFarland.... *335
Cutting machines
Track mounted cutting machines at Peabody Coal Co, C. E. Lee.... *157

D

Drainage
Concrete water dam ... *422

E

Economics
Appalachian Coals decision (e) ... 109
Audit of Progress (e) ... 1
Business cooperation discussed ... 30
Coal competition in 1950? (e) ... 142
Coal industry widens battle front in war against competition ... *35
Coal-mining industry (e) ... 33
Cost of production (e) ... 253
Federal government to settle miners' families on West Virginia farm.... 431
Moratoriums and markets (e) ... 253
"New deal" in industry (e) ... 173
NIRA and purchases of new equipment (e) ... 174
Planned economy ... 28
Profits in coal industry up to Uncle Sam (e) ... 361
Relief Administration to buy 10,000,000 tons of coal ... 425
Torrence plan urged dictators to revive business ... 135
Wage and price rises, effect on industry (e) ... 173
What price slack? G. B. Gould.... *184
Who pays for low industrial coal prices (e) ... 292

Electricity
Auxiliary contactor stops arcing in starting rheostats ... *132
Correcting flashover troubles on rotary converter ... *165
Dual voltage switch ... *67
Electric eye opens Nemacolin doors *77
Explains why high voltage is not always fatal ... 424
Feeder circuit breaker can be remotely controlled ... *102
Impregnating armatures ... 246
Indian Head anthracite operations.... *397

Locomotive with mechanical controller. *24
Midland Electric adopts modern distribution system at new stripping operation. *405
Power factor improvement at Madeira, Hill & Co. results in savings *363
Protecting electric cables 68
Protecting machine motors 274
Rheostat modification avoids heating injury *347
Sensitive ground recorder *383
Tools for setting brush holders *311
Transformer tower built from scrap rails *348

F

Financial reports, 1932 ..... 104, 136, 170

First Aid and Mine Rescue

Kentucky, Pennsylvania and West Virginia meets 320
Pennsylvania Coal & Coke Corp. meet .. 278
Spare oxygen cylinder aids in apparatus failure *212
Sprague wins New River meet 249

First Annual Mineral Industrial Conference

Report of meeting 137

Flotation

Methods and results of floating and filtering coal, pt. 2. E. W. Mayer *375
Why and when to use flotation process. E. W. Mayer, pt. 1 333
Fly-ash problems (e) 22

Freight Rates

Alberta rate cut 250
Anthracite rates cut 103, 278
Carriers attack lake rates 217
Coke rates prescribed by I.C.C. 287
Freight rates on coal higher than mine prices for coal (e) 221
General investigation ordered by Commission 133
General rate reduction denied by I.C.C. 287
Hard coal rate cut approved 249
I.C.C. denies Pennsylvania, Maryland and West Virginia reductions 320
I.C.C. hearings on general reduction ... 169
I.C.C. petitioned for reduction in rates. 69
Ohio rate cuts prohibited 215
Ohio rate cuts stand 287
Producers and consumers attack freight rates 63
Recognizing competition (e) 34
Transportation charges (e) 33
Fuel oil
Consumption by public utilities in 1929. W. H. Young *19

G

Great Britain

Motor fuel from coal aided by government 285

H

Harlan County Coal Operators' Assn.

Officers elected 432

Hazard Coal Operators' Exchange

Officers elected 71

Hoists and Hoisting

Emergency valve for steam hoists *68
Magnetic attachment added to hoisting engine stop *312
Office type elevator in Caples Mine *115
House of steel and asbestos uses anthracite 70

I

Illinois

First Annual Mineral Industries Conference discusses Illinois Coal Industry 137
Illinois Coal Operators' Assn.—officers elected 385

Illinois Mining Institute

Election of officers 412
"Kink box" includes wide range of operating ideas *245
Operation and economics discussed at annual meeting 412
Surveys operating safety and marketing problems on boat trip 237

Indiana Coal Mining Institute

Officers elected 29

Indiana Coal Operators' Assn.

Officers elected 431

Industrial relations
Alabama Fuel and Iron Co. food raising plan 28
Industrial Safety Equipment Mfgrs. Assn. Submits code 354
Insurance, compensation (e) 76
Iowa Coal Trade Assn.—organization 385

L

Labor

"A good press" (e) 292
Alabama—strike affects ten mines 389
Anthracite code hearings featured by demand for equalization and higher wages 426
Anthracite insurgents extend strike 356
Anthracite insurgents organize, call strikes 319
Anthracite operators again ask wage cut 169
Anthracite strike ended by National Labor Board 430
Anthracite wage arbitration fails 104
Anthracite wage conference called off .. 219
Appalachian agreement—text and scales 356
Appalachian wage agreement signed 354
Eastern Ohio agreement signed 387
Factory methods bring attendance at Nellis mine under control. E. H. Shriver. *297
Federal Government to settle miners' families on West Virginia farm 431
Formation of "Independent Miners' Union" causes trouble in Western Kentucky 319
Hours and wages (e) 141
Illinois insurgents approve wage agreement 137
Illinois invaded by insurgents 169
Illinois legislative committee reports on war between United Mine Workers and insurgents 249
Illinois—NRA proposes settlement of union controversy 388
Illinois wage agreement extended to 1935 29
Indiana—military rule established in Sullivan County as result of strike .. 388
Indiana protest strike 319
Inter-union warfare (e) 361
Miners' vision (e) 221
National Guard ordered into Tennessee fields 70
National Recovery Administration organized board to halt industrial disputes 279
New Mexico strike staged by National Miners' Union 319
New Union scale in northern West Virginia 286
Northern Colorado agreement signed 387
NRA Mediation Boards (e) 253
NRA takes hand in Pennsylvania strike. 286
Ohio suspension ends 219
Oklahoma deadlock continues 29
Southern Colorado-New Mexico agreement signed 387
Southern Ohio operators increase wages. 319
Truce agreements adopted in settlement of Pennsylvania strikes 286
Two-man commission a failure in arbitration of anthracite wages (e) 75
Utah strike staged by National Miners' Union 319
Violence flares up in Oklahoma 70
Virginia strike ends 355
Virginia strike starts 319
Wage agreements—millstone or milestone? (e) 326
Wage increases announced 219
Wage increases spread in East 249
Wage rates proposed in codes for Eastern, Southwestern and Rocky Mountain-Pacific district 284, 285
Wage scales—Pennsylvania, Northern and Southern West Virginia 355
Wages—how high? (e) 254
Wages reduced by New River Operators 70
Washington discusses coal 133
Wayne and Appanoose County (Iowa) agreement signed wage scale 387
Western Kentucky in controversy with National Labor Board 388
Western Pennsylvania—President takes hand in stoppage 387
Western Pennsylvania—steel companies hold captive mine elections 430
Western Pennsylvania—steel companies sign agreement expected to end captive mine stoppage 355
Western Pennsylvania strike continues .. 319

Law and Legislation

Appalachian Coals decision (e) 109
Appalachian decision upheld by Supreme Court 134
Davis-Kelly bill unconstitutional 103
Hours, wages and output control asked of Congress 167
Kelly reintroduces coal bill 136
National Industrial Bill offered; coal legislation plans sidetracked 126
Natural resource industries ask anti-trust law modification 28
Utah bill would regulate coal 103
Utah coal bill vetoed 133
Lubrication
Union Pacific adopts code 164

M

Machinery & Allied Products Institute—organized 278

Maintenance

Adequate seals mean longer bearing life of mine locomotives. C. A. Atwell. ... *339
Boom attachment broadens portable crane use *347
Broken bumpers reclaimed by welding .. *347
C & O record system reduces maintenance cost 276
Cable installed to shed water *101
Changing drill to wrench *165
Changing locomotive tires reduces waste. *311
Cleaning conveyor belts *131
Disk wheels stop breakage from heating 214
Hand operated press *166
Hanna adopts shop practice for tool sharpening *244
Loading machine clutch removed by spot welding *27
Modification of rheostat avoids heating injury *347
Oil-container carrier *384
Overhauling cutter chains *67
Peep-hole light to examine equipment .. *424
Pinion puller *102
Puller or removing couplings without disturbing motor *382
Rack for welding rods *26
Removing dirt from motors *382
Revising locomotive parts saves wear .. *274
Special lifting device for armature *384
Steel jackets used to repair conveyor drive frames 244
Tool for removing hanger shells *102
Tool for removing pulleys *276
Tools for setting brush holders *311
Union Pacific adopts lubrication code ... 164
Wire rope inspection and maintenance rules adopted by Susquehanna Collieries 100

Management

C & O record system forestalls breakdowns and reduces maintenance cost .. 276
Do you know how much equipment it is profitable to install (e) 291
Factory methods bring attendance at Nellis mine under control. E. H. Shriver *297
Freed by code wage and price stabilization (e) 325
Skillful planning opens way to profitable operation at anthracite mines. J. H. Pierce 38, 87

Mechanization

C & O's experience with mechanical loading 162
Centralia mine changes from hand to mechanical loading without delay ... 161
Compressed air for loading used at Ehrenfeld. A. L. Hunt *155
Conveyor mining at Price-Pancoast colliery. I. A. Given *3
DeBardeleben Coal modernized and kept higher wages 158
Entry driving machines at New Orient. Foster & Brosky *111
Five ton cars increases loader efficiency at Fairpoint mine. P. R. Paulick *175
Five years proves value of conveyors at Chauncey Colliery 150
Little Betty mine expands mechanical loading 159
Mechanically loaded tonnage declines in 1932 218
New equipment pays for itself in one year at Island Creek mines 151
Old Orient mechanization helps produce high grade lump coal. A. F. Brosky. . *329
Pit car loading effects economies at Superior Coal Co. 154
Progress in 1932, annual review 59
Sheridan-Wyoming mines show record performance *367
Ten year record of mechanical loading at Union Pacific. Eugene McAuliffe .. 146
Thin seams no obstacle to C.B.C.'s mechanization *143
Weak and heavy top makes conveyor longwall imperative. S. C. Mifflen. *223

Merchandising

Advantages and use of dedusted coal. H. F. Hebley *263
Anthracite takes dealer into partnership. I. A. Given 82, 121
Bituminous code brings new problems in describing coal quality. G. B. Gould. *331
Bituminous future rests on merchandising and mergers. J. T. Hill *369
Buyer's profit (e) 1
Competitive relations with oil and gas .. e396
Cooperative advertising planned in Northwest 69
Cost, comfort, convenience and cleanliness e396
Covington Coal block plant converts fines into high priced fuel. R. L. Beard .. *228
Domestic coal economies (e) 76
Growing demand for fine coal. G. B. Gould *184
Illinois adopts new sales plan 167
Industrial uses of coal discussed at A.I.M.E. meeting *374
Louisville & Nashville R.R. imposes trucking curb 133
Model home burns anthracite 217
Modern preparation increases sales. Joseph Pursglove, Jr. 153
New automatic heat plan proposed in Pennsylvania 215
Second battle of Trenton (e) 222
Trenton boosts anthracite by sale of automatic equipment through central agency 195
Trucking results in 1932 presented at 3rd Pennsylvania Mineral Industries Conference 416

Mine Inspectors Institute of America

Annual meeting studies economics of mine safety 204
Mine openings, abandoned, to be sealed by Civil Works Administration 432

Mine timbers

Longwall, steel arches and posts in Nova Scotia mines. S. C. Mifflen *261
Steel arches. R. D. Hall *9
Timber treatment effects economies at Carbon Fuel Co. 160

Mining Methods

Backfilling permits pillar recovery without disturbing surface. H. A. Dierks. *255
Conveyor mining at Price-Pancoast colliery. I. A. Given *3
DeBardeleben Coal Corp. mechanized mining 158
Holding back coal (e) 292
Indian Head anthracite operations *397
Loading coal with compressed air at Ehrenfeld. A. L. Hunt *155
Longwall, steel arches and post in Nova Scotia mines. S. C. Mifflen *261
Nova Scotia Mining Society discusses.. 266
Operating practice at New Pond Creek Pocahontas mine *116
Scow mining at Poteau mine. Opie Carter. *259
Skillful planning opens way to profitable operation at anthracite mines. J. H. Pierce 38, 87
Steel timbering in the U. S. R. D. Hall.. *9
Tunnel solves haulage problems of Kenilworth mine in Rocky Mts. *305
Vertical seams mined by longwall in Belgium. F. C. Cornet *125
Weak and heavy top makes conveyor longwall imperative. S. C. Mifflen.... *223

Modernization

Progress e395
"Twice-told tales" (e) 141
Montana Coal Operators' Assn. — officers elected 432
Muscle Shoals plan opposed by bituminous industry 167

Museum of Science and Industry

Coal mine exhibit 138
"Man-made" mine opened for Chicago convention *182

N

National Bituminous Coal Industrial Board

Personnel 429

National Coal Association

Annual meeting takes up regional sales agencies, research, fuel distribution and credits 231
Committeemen named 249
Moves for gas tax 432
Technical Research Committee approves bituminous research laboratory..... 69

National Safety Council

Mining Section discusses accident prevention 349, 371
Officers chosen for Mining section.349, 372

Natural Gas

Companies active 105
Consumption by public utilities in 1929. W. H. Young *19
Drive for market in Chicago..... 287
Line from Douglas to Tucson and Phoenix, Ariz. 358
Line from Texas to Twin Cities 313

New Equipment

Bearings, ball 32
Bearings, roller *31
Bearing, synthetic resin *74
Belt, endless rubber 74
Belts, new V 394
Belt, non skid *252
Belt, transmission 394
Bit, detachable *139, *290
Blasting agent 73
Blasting cap, delay 359
Blasting device *32
Bolt, expansion *322
Brake handle, safety *322
Bucket, elevator *31
Carbon monoxide antidote 289
Chain, roller *74
Coal breaker, vertical pick *73
Coal treating compound 359
Compressor *393
Compressor, portable 251
Compressor, rotary air 290
Concreting by air *323
Conveyor belt 171
Conveyor, mine *434
Coupling, flexible *108, *252, *393
Coupling link, weldless *322
Coupling, multi duty *323
Couplings for air hose *359
Dipper, renewable lip *172
Drill, air driven core *251
Drill, one man diamond *139
Drilling machine *323
Dust arrester *393
Dust extraction system *73, *107
Electricity
  Ammeter, testing 171
  Cable, insulated with glyptal-treated cloth 290
  Capacitors 32
  Circuit breakers *107
  Circuit breaker, small *252
  Circuit breakers, air, manually and electrically operated *32
  Gearmotor *324
  Gearmotors, fractional horsepower.... *360
  Instruments, portable..... 171, *360
  Mercury switches *251
  Meter, combination 289
  Motor *171
  Motor base, sound proofed 252
  Motor control 171
  Motor, inclosed *289
  Motor protection *251
  Motor-reducer *140
  Motor, totally inclosed 359
  Oil circuit breakers 394
  Photo-electric control *108
  Reclosing device 289
  Reducer, variable *324
  Splashproof motor *172
  Starter, magnetic *393
  Switch for fractional-horsepower motors 290
  Switch, full voltage *31
  Switch, oil immersed 359
  Switch, safety *323
  Switchboard instruments 360
  Switchgear, metal-clad *323
  Synchronous motor controls *251
  Testing set, portable *359
Feeder, lime *322
Fixing proper angle of vibrators 108
Fuel valuegraph 433
Gears, reduction *139
Grinder, ring 324
Hardening, localized 140
Headgear, safety *73
Hoist, slow speed *322
Joint, expansion *290
Locomotive, gasoline 73
Lubricants 394
Lubricant, metallic-lead 434
Motor reduction unit *171
Nozzle, spray *322
Oilers *434
Power plant firing equipment 324
Precipitator, dust *139
Puller, gear and wheel 393
Pump, double suction *433
Pumps, turbine 360
Recorder, weight for mine scales..... *433
Reducer motorized *171
Rivet-bolts *394
Roofing base 252
Screen, degradation *289
Screen, vibrating *107, *483
Screening aids 434
Sheave, steel 433
Shovel, gasoline-powered *289
Socket for wire rope *359
Socket, wedge for wire rope *433
Spike puller *171
Steam generating unit 289
Stoker unit 140
Tie, steel room *322
Timber treatment 360
Tool for closing hopper cars *140
Tracing paper 32
Tractor, caterpillar 323
Valve *360
Valve, diaphragm *31
Valve, rubber lined *290
Walking dragline 171
Wedge wire sieves, screen cloths *31
Welders 140, *251
Welding regulator 324
Welding rod 324
Welding torch *108
Wire, galvanized 324

New River and Winding Gulf Electrical & Mechanical Institute

Welding demonstration at meeting.... 389

Notes From Across the Sea

Aerex or fan for ventilation..... 344
American Loader adopted in British mines *242
Belgium—Compressed air can ignite firedamp 380
Belgium—study of mine gases 420
Blast furnace cast iron converted into foundry iron 128
Cost of roof props in South Wales and Monmouthshire district 128
British plastics 308
Czechoslovakia—Unusual material for stowage 272
England—Dust allaying 380
France—Simultaneous shooting 380
Germany—Curvatures resulting from roof bending *272
Germany—Experiments with shotholes.. 242
Germany—its wet coal wasteful of heat in coking 420
Germany—Lignin as basis for plastics.. 308
Germany—Pulverized coal engine 344
Great Britain—Carbon in coal in form of phenol 380
Great Britain—Colloidal fuel 344
Great Britain—Develops safety props.. *98
Great Britain—Discusses clay stemming 98
Great Britain—Float and sink test of coals 380
Great Britain—How the roof moves relative to the floor 420
Great Britain—Pulverized fuel for locomotives 344
Great Britain—Quantity of oil obtainable by hydrogenation 272
Great Britain—Salt in coal 272
Great Britain—Uses low density explosives 242
Methane in mines 22
Pyrene for fighting dust 128

Nova Scotia

Longwall, steel arches and posts. S. C. Mifflen *261
To supply fuel for Canadian National Railways 168
Nova Scotia Mining Society—Plans future development 266

MINE AND COMPANY INDEX

A

Acme Coal Cleaning Co. Building central cleaner at Avella, Pa. 215
Alabama Fuel & Iron Co. Food raising for employees 28
American Rolling Mills Co. Factory methods bring attendance at Nellis mine under control. E. H. Shriver.....*297

B

Baker-Dora Coal Co. Opens strip mine... 69
Bell & Zoller Coal & Mining Co. Centralia mine changes from hand to mechanical loading without delay 161
Electric safety calendar *246
Loading machine clutch removed by spot welding *27
Magnetic stop for hoisting engine.....*312
Rack for welding rods *26
Spare oxygen cylinder aids in apparatus failure *212
Bertha Consumers Co. Mines purchased by Marshall Jones 104
Blair-Collins Co. Slack storage system at Prescott mine *130
Blanco Coal Co. Mine sold 168
Blue Diamond Coal Co. Constant inspection cuts mine accidents 348
Buckeye Coal Co. Electric eye opens Nemacolin doors *77
River tipple has high loading rate....*226

C

C.C.B. Smokeless Coal Co. Glen White preparation plant. J. H. Edwards...*337
Carbon Fuel Co. Timber treatment promotes operating economies 160
Carnegie Steel Co. Washing coal for coking purposes at Clairton byproduct coke works. H. W. Seyler *187
Carter Coal Co. Assumes control of Pocahontas operations 135
Central Indiana Coal Co. Dehydrating and drilling. R. D. Hall *7
Chicago, Wilmington & Franklin Coal Co. Entry driving machines at New Orient. Foster & Brosky *111
Mechanical loading at Old Orient for production of lump coal. A. F. Brosky.*329
Clearfield Bituminous Coal Corp. Thin seams no obstacle to mechanization..*143
Columbia Steel Co. Safety shotfiring methods 422
Colorado Fuel & Iron Co. In receivership. 287
Connellsville By-Product Coal Co. Drops lease 168
Consolidation Coal Co. Buys briquetting equipment 29
Covington Coal Co. Block plant converts fines into high priced fuel. R. L. Beard *228

D

DeBardeleben Coal Corp. Modern equipment keeps mines running despite wage differential 158
Delaware, Lackawanna & Western Coal Co. "Blue Coal" name not to be used by other firms 320
Dominion Steel & Coal Corp. Weak and heavy top makes conveyor longwall imperative. S. C. Mifflen *223
Dunedin Coal Co. Changing drill to wrench.*165
Welded pump guards *66

E

Enos Coal Mining Co. Strip-pit shooting costs cut by horizontal drilling. R. D. Hall *85

F

Fordson Coal Co. Automatic tramway solves refuse disposal. J. H. Edwards.....*271
Boom attachment broadens portable crane use *347
Special lifting device for armature.....*384
Four Seam Coal Corp. Sand dryer made of locomotive tires *214
Transformer tower built from scrap rails *348

G

George F. Lee Coal Co. Five years proves value of conveyors at Chauncey Colliery 150
Glen Alden Coal Co. Direct fire fighting quenches stubborn authracite fire... 239
Great Kanawha Barge Lines. Reopens Crown Hill Mine 247
Great Valley Anthracite Corp. Property bought by Great Valley Morgan Coal Corp. 320
Great Valley Morgan Coal Corp. Buys property of Great Valley Anthracite Corp. 320
Gulf Smokeless Coal Co. Locomotive with mechanical controller *24

H

Haddock Mining Co. Salem Hill breaker designed with fading egg market in view *92
Hadley Anthracite Co. Opens old Hadley mine 138
Hanna Coal Co. Adopts shop practice for auger sharpening *244
Loader efficiency at Fairpoint mine increased by big cars. P. R. Paulick.*175
Harlan Fuel Co. Installs new power plant 167
Humphreys Coal & Coke Co. Coal dry cleaned and desulphurized 163

I

Independent Coal & Coke Co. 1½ mile tunnel solves haulage problems of Rocky Mt. mine *305
Indian Head Anthracite, Inc. Flexibility the objective in design of plant at new collieries *401
New plant fitted to present and future demands *397
Irwin Gas Coal Co. Sealing leak in borehole *422
Preparing coal for Western markets.... *79
Island Creek Coal Co. New equipment pays for itself in year 151

J

Jeddo-Highland Coal Co. Anthracite water tunnel 70

K

Kemmerer Coal Co. Pipe bridge made by welding *132
Kingston Coal Co. Stripping outcrops....*113
Knox Consolidated Coal Co. Safety detonator box *102
Koppers Coal Co. Interests merge 104

L

LeFlore-Poteau Coal Co. Scow methods bring coal to tipple without breakage or admixed impurity. Opie Carter..*259
Lehigh Navigation Coal Co. Signal warns to "duck" *312
Lillybrook Coal Co. New power plant.... 167
Little Betty Mining Corp. Expands mechanical loading operations 159

M

Madeira, Hill & Co. Power factor improvement results in savings *363
Safety work a paying proposition.....*177
Maumee Collieries Co. Modern equipment and methods at new stripping.....*294
Stripping under way 137
Midland Electric Coal Corp. Develops new stripping operation *405
Preparation methods at new stripping operation *408
Milby & Dow Coal & Mining Co. Two mines sold 168

N

New Jellico Coal Co. Tool removes hanger shells *102
New River & Pocahontas Consolidated Coal Co. Office type elevator at Caples mine *115

O

Octavia J. Coal Mining Co. Aerial tramway solves refuse disposal. J. H. *123
O'Gara Coal Co. Sahara Coal Co. succeeds O'Gara 250
Osage Coal Co. Mine sold 168

P

Pacific Coal & Coke Co. Equipping Wyoming property 320
Pardee Bros. & Co. Mines sold 170
Peabody Coal Co. Track machines make high records. C. E. Lee.....*157
Pennsylvania Coal & Coke Corp. Airway design cuts resistance.....*212
Angle short for blasting *26
Compressed air for loading used at Ehrenfeld. A. L. Hunt *155
Disk wheels stop breakage from heating 214
Impregnating armatures 246
Revising locomotive parts saves wear...*274
Steel jackets used to repair conveyor drive frames 244
Philadelphia & Reading Coal & Iron Co. Cleaning conveyor belts *131
Model home burns anthracite 217
Pittsburgh Coal Co. Sells Ohio coal lands. 285
Wins railroad fight 349
Pond Creek Pocahontas Co. Brake release lifts weight to lower bridle.....*423
Fireboss board made of glass slides and one lamp *382
Mine car plus pump makes water car..*384
Quality and uniformity at new mine. J. H. Edwards *116
Powhatan Mining Co. Modern preparation increases sales. Joseph Pursglove, Jr. 153
Price-Pancoast Coal Co. Conveyor mining. I. A. Given *3
Princeton Mining Co. Building power plant 103
Puritan Coal & Coke Co. Chute retarders. *26

S

Scranton Coal Co. Backfilling permits pillar recovery without disturbing surface. H. A. Dierks *255
Sheridan-Wyoming Coal Co. Low accident rate, advanced practice in mechanization and low production cost.....*367
Sherwood-Templeton Coal Co. Dehydrating and drilling. R. D. Hall *7
Southern Ohio Coals, Inc. Organization.. 278
Spring Canyon Coal Co. Derail protects inside slope 131
Safety shotfiring system *66
Superior Coal Co. Pit car loading effects economies 154
Susquehanna Collieries Co. Detonator and leads arranged to reduce misfires...*213
Feeder circuit breaker can be remotely controlled *102
Tracing stray detonators *131
Wire rope inspection and maintenance rules adopted 100

U

Union Pacific Coal Co. Adopts lubrication code 164
Automatic fan signal *348
Concrete water dam *422
Fencing scraper sheaves reduces hazards.*312
"Old Timers" celebrate 247
Ten year record of mechanical loading. Eugene McAuliffe 146
Universal Coal Corp. Organized 133

W

Webster Coal & Coke Co. Cleaning borehole lifts pump capacity *346
West End Coal Co. Better cleaning plus operating economies feature plant...*299
Wheeling Township Coal Mining. Builds power plant 425
